

AJAY M

Junior Software Developer | Java Full Stack Developer

ajaymari74@gmail.com | +91 94874 34031 | Palkulam, Kanyakumari, Tamil Nadu | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Full-Stack Developer and BCA (2026) graduate with 2+ years of experience building and deploying production web and mobile applications using PHP/MySQL, the MERN stack, and Flutter. Certified in Java and Spring fundamentals, and currently pursuing further Java Full Stack Developer training to build on a strong foundation in object-oriented programming, REST API design, and relational databases. Skilled in secure backend architecture, responsive UI development, and team mentorship, with hands-on delivery from college portals to GPS-based attendance systems.

TECHNICAL SKILLS

Languages: Java, C, C++, Python, JavaScript, Dart
Backend & Frameworks: Spring (fundamentals), Node.js, Express.js, PHP (PDO, prepared statements), RESTful API design
Frontend & Mobile: HTML5, CSS3, Bootstrap 5, Responsive Web Design, Flutter & Dart (cross-platform iOS/Android)
Databases: MySQL, MongoDB
Tools & Platforms: Git/GitHub, VS Code, Postman, DataTables, Hostinger Deployment, .htaccess Routing, Dio/HTTP, Haversine Geo-fencing

PROJECT EXPERIENCE

- GASCKK Official College Website — Web Developer**

2023 – Present

Live: gasckk.org.in

 - Designed and maintain a responsive public college website serving students, faculty, and visitors.
 - Built a PHP-MySQL backend managing departmental activities, admission rank lists, exam updates, and committee information.
 - Streamlined real-time publishing of academic events, seminars, and resources, optimizing load times and SEO during peak admission periods.
- Astra Association Management System — Web & Mobile (Final Year Project)**

2024 – 2025

Live: astraapp.gasckk.org.in

 - Architected a secure PHP/PDO REST API across 12+ database modules using prepared statements to prevent SQL injection; deployed on Hostinger with MySQL, file permissions, and .htaccess routing.
 - Built a Bootstrap 5 admin panel with DataTables, mobile-first layout, CSS-animated announcement ticker, and AJAX-driven media uploads with server-side validation.
 - Extended the platform with a cross-platform Flutter & Dart mobile app for member management, event tracking, and guest profiles, integrating the same REST APIs via Dio/HTTP.
 - Implemented fast search by Association ID and scalable state management for committees, awards, and activities, with robust upload fallback handling for iOS and Android.
- GPS-Based Shop Visit Attendance System — Full-Stack Developer**

2025

 - Developed a GPS attendance system for field employees using geo-fencing and real-time location tracking.
 - Implemented REST APIs (Node.js/PHP) for check-in, check-out, and shop-visit management, applying the Haversine formula to prevent proxy attendance.
 - Designed the MySQL schema for users, shops, and attendance records, with offline data sync and admin reporting.

EDUCATION

- Bachelor of Computer Applications (BCA)**

Expected 2026

Government Arts and Science College, Palkulam, Kanyakumari (Affiliated to Manonmaniam Sundaranar University)

Relevant coursework: Java, C/C++, Data Structures & Algorithms, Object-Oriented Programming, DBMS, Operating Systems, Computer Networks, Web Development

CERTIFICATIONS & TRAINING

- Java Full Stack Development — In Progress (2026)
- Java Spring Network — ADROIT Training (2024)
- Oracle App Development — ADROIT Training (2024)
- Python Coding Foundations — Infosys Springboard (2025)

LEADERSHIP & MENTORSHIP

- College Web Development Team Lead**
- Mentor 1st- and 2nd-year students in MERN stack fundamentals and real-world project workflows.
 - Conduct hands-on sessions on backend integration, responsive design, and cloud deployment.
